Reinsurance Program Payment Schedule

- On or before July 1st following the applicable benefit year, NHHP will make an initial payment to each eligible carrier in the amount of 80% of the EDGE Server data determined payment allocation.
- As long as all final claims submissions (including the Covered Claims Summary submissions from eligible carriers) are received according to schedule, on or before October 10th following the applicable benefit year, NHHP will make an additional payment to each eligible carrier required as a result of a true-up process between a final payment determination based on the Covered Claims Summary submissions from each eligible carrier and the 80 percent payment based on EDGE Server reports. True-up payments will include any necessary adjustments in amounts paid, such as retroactive increases in payments to ensure each claim is reimbursed proportionately.
